SAMOG Code

The SAMOG Committee has recently revised the SAMOG Code and issued it for public consultation. All interested and affected parties are invited to review the attached letter and share their feedback.

Please submit your comments by 15 December 2024 to saimmadmin@saimm.co.za.

Industrial Minerals Guideline

In keeping with the additional guidance provided by the Diamond and ESG Guidelines to SAMREC, the SSC recognised that a similar guideline for the reporting of industrial minerals was necessary.

Following a year's deliberation and drawing on information from CIM draft Industrial Minerals Guideline, PERC and CRIRSCO, has now been compiled in support of SAMREC. Even though most South African industrial minerals producers were represented on the committee compiling the Guideline, the SSC nevertheless makes the draft guideline available for public review.
